Open Source Attribution	1
About Verint	8

Open Source Attribution

Certain components of this Software or software contained in this Product (collectively, "Software") may be covered by so-called "free or open source" software licenses ("Open Source Components"), which includes any software licenses approved as open source licenses by the Open Source Initiative or any similar licenses, including without limitation any license that, as a condition of distribution of the Open Source Components licensed, requires that the distributor make the Open Source Components available in source code format. A license in each Open Source Component is provided to you in accordance with the specific license terms specified in their respective license terms.

EXCEPT WITH REGARD TO ANY WARRANTIES OR OTHER RIGHTS AND OBLIGATIONS EXPRESSLY PROVIDED DIRECTLY TO YOU FROM VERINT, ALL OPEN SOURCE COMPONENTS ARE PROVIDED "AS IS" AND ANY EXPRESSED OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED.

Any third party technology that may be appropriate or necessary for use with the Verint Product is licensed to you only for use with the Verint Product under the terms of the third party license agreement specified in the Documentation, the Software or as provided online at <http://verint.com/thirdpartylicense>. You may not take any action that would separate the third party technology from the Verint Product. Unless otherwise permitted under the terms of the third party license agreement, you agree to only use the third party technology in conjunction with the Verint Product.

The following Open Source Components may be included with this Software, attributions and copyright notices are maintained and shipped in source code:

- ACE-TAO-CIAO is licensed under Doc Ace Tao License
- AES and Combined Encryption/Authentication Modes is licensed under BSD 3-clause "New" or "Revised" License
- Android - platform - frameworks – base is licensed under Apache License 2.0
- angular is licensed under MIT License
- angular-2-dropdown-multiselect is licensed under MIT License
- angular4-fusioncharts is licensed under MIT License
- angular-gridster2 is licensed under MIT License
- animator.js is licensed under BSD 3-clause "New" or "Revised" License
- Annotations for Jackson Data Processor is licensed under Apache License 2.0
