**Smart Technology:**
Take your career to the next level at a billion-dollar company that’s a global leader in Actionable Intelligence® solutions.

**Smart Careers:**
Discover endless opportunities to explore your interests in a challenging and rewarding environment.

---

**Smart People.**

Our employees and their passion make Verint a great place to work, grow, and thrive. Our company is built on five core values that shape the way we do business with our customers, our partners, and each other:

- **Integrity**—Doing what’s right and taking responsibility for our actions.
- **Innovation**—Creating remarkable solutions for real-world challenges.
- **Transparency**—Building mutual trust and productive, collaborative working relationships.
- **Humility**—Viewing our successes today as building blocks for what we must achieve tomorrow.
- **Passion**—Projecting enthusiasm and energy to help make our customers and partners successful.

Responsible, ethical citizenship and community involvement are key components of our business, helping our employees enrich their own lives and those of others. Our employees personify these core values, making Verint a truly special place to work.
Since its founding in 1994, Verint has grown steadily to become a billion-dollar organization doing business in more than 50 offices around the world. Today, we’re a global leader in Actionable Intelligence® solutions, helping organizations capture, analyze, and act on the increasingly complex information they collect each day. With over 700 patents, we focus in three key areas:

- **Customer Engagement Optimization** — Solutions that help organizations enrich customer interactions, improve business processes, and optimize their workforces to enhance loyalty, increase revenue, mitigate risk, and manage operational costs.

- **Security Intelligence** — Solutions that help organizations prevent, detect, neutralize, and investigate crime, terror, and cyber threats, as well as protect people and property.

- **Fraud, Risk and Compliance** — Solutions that help organizations prevent loss; comply with regulations; investigate cyber, retail, and financial crime; and ensure continuity of business and protect private information.

Our goal is creating a Smarter World with Actionable Intelligence®. If you’ve got the drive, ingenuity, and enthusiasm to help us carry out that vision, we invite you to start a conversation today.

If you are looking for a career that will challenge and reward you, we encourage you to explore the opportunities at Verint. We offer a broad range of opportunities across our business. Whether you enjoy complex technical projects, building relationships with our large base of household-name customers, or helping our organization operate efficiently and effectively, you can apply your skills in an atmosphere that emphasizes collaboration, teamwork, and growth.
