Free up team leaders

Your team leaders need time for their teams – for coaching, motivation, and support. Supported employees are much less likely to leave, boosting employee engagement and savings.

BURNOUT

34%

of employees would rather be unemployed than unhappy in a job.

40%

this rises to

among employees in the 18-24 age bracket.

When employees are in jobs, they often want to better themselves professionally.

36%

would like to learn how to advance their careers.

39%

would like to develop their soft skills.

88%

would engage in learning and development opportunities.

COACHING

Implementation of Verint® Operations Manager™ saw huge benefits.

West Sussex Council embraced automated task allocation to free up their team leaders, creating extra time to coach their team and meaningfully communicate with colleagues and service users.

91%

increased performance productivity by automating the allocation of tasks.

97%

25%

improvement in efficiency.

Find out how Verint can help you support your team and beat the Great Resignation with innovative tech solutions and a transformative One Workforce approach.
