- 2. Processing of Personal Data**
- 2.1 Customer agrees to appoint Verint as its Data Processor and that providing Personal Data to Verint pursuant to the Agreement complies with the relevant Privacy Laws. Verint will not:
 - 2.2.1 Process Personal Data other than on Customer's documented instructions (set out in this DPA and in the Agreement) unless Processing is required by a Supervisory Authority; or
 - 2.2.2 sell Personal Data received from Customer or obtained in connection with the provision of the Services to Customer.
 - 2.3 Customer on behalf of itself and each Customer Affiliate:
 - 2.3.1 instructs Verint:
 - 2.3.1.1 to Process Personal Data; and
 - 2.3.1.2 in particular, transfer Personal Data to any country or territory; in each case as reasonably necessary for the provision of the Services and consistent with this DPA.
 - 2.4 The Data Processing Instructions sets out the subject matter and other details regarding the Processing of the Personal Data contemplated as part of the Services, including Data Subjects, categories of Personal Data, special categories of Personal Data, Subprocessors and description of Processing.
- 3. Verint Personnel**
- Verint shall ensure that persons authorised to undertake Processing of the Personal Data have:
- 3.1 committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality in respect of the Personal Data; and
 - 3.2 undertaken appropriate training in relation to protection of Personal Data.
- 4. Security**
- 4.1 Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of Data Subjects, Verint shall in relation to the Personal Data implement appropriate technical and organisational measures designed to provide a level of security appropriate to that risk in the provision of the Services and for the purposes of this DPA Verint's technical and organisational measures are set out in the Information Security Schedule.
 - 4.2 In assessing the appropriate level of security, Verint shall take account in particular of the risks that are presented by Processing.
- 5. Subprocessing**
- 5.1 Verint shall only appoint Subprocessors which enable Verint to comply with this DPA. Customer authorises Verint to appoint Subprocessors in accordance with this [Section 5](#) subject to any restrictions or conditions expressly set out in the Agreement. Subprocessors appointed as at the effective date of this DPA are listed in the Data Processing Instructions and/or as specified in an Order. Verint shall remain liable to Customer for the performance of that Subprocessor's obligations.
 - 5.2 Notwithstanding any notice requirements in the Agreement, before Verint engages any new Subprocessor, Verint shall give Customer notice of such appointment, including details of the Processing to be undertaken by the proposed Subprocessor. In addition to any other notifications, Verint may provide such notice by updating the list of Subprocessors in the Data Processing Instructions. Customer may notify Verint of any objections (on reasonable grounds related to Privacy Laws) to the proposed Subprocessor or Data Processing Instructions ("**Objection**"), then Verint and Customer shall negotiate in good faith to agree to further measures including contractual or operational adjustments relevant to the appointment of the proposed Subprocessor or operation of the Services to address Customer's Objection. Where such further measures cannot be agreed between the parties within forty-five (45) days from Verint's receipt of the Objection (or such greater period agreed by Customer in writing), Customer may by written notice to Verint with immediate effect terminate that part of the Services which require the use of the proposed Subprocessor.
 - 5.3 With respect to each Subprocessor which is the subject of [Section 5.2](#) above, Verint or the relevant Verint Affiliate shall:
 - 5.3.1 carry out adequate due diligence before the Subprocessor first Processes Personal Data to ensure that the Subprocessor is capable of providing the level of protection for Personal Data required by the Agreement;

- 5.3.2 ensure that the Subprocessor is subject to a written agreement with Verint that includes appropriate data protection provisions; and
- 5.3.3 if that arrangement involves a Restricted Transfer, ensure that the Standard Contractual Clauses or other appropriate method of transfer are at all relevant times incorporated into the agreement executed between Verint and the Subprocessor.
- 5.4 Verint shall ensure that each Subprocessor performs the obligations under this DPA as they apply to Processing of Personal Data carried out by that Subprocessor, as if such Subprocessor were party to this DPA in place of Verint.
- 6. Data Subject Rights**
- 6.1 Verint shall:
- 6.1.1 upon becoming aware, promptly notify Customer if Verint receives a request from a Data Subject relating to an actionable Data Subject right under any Privacy Law in respect of Personal Data;
- 6.1.2 not respond to that request except on the documented instructions of Customer or as required by a Supervisory Authority; and
- 6.1.3 upon request from Customer where required by Privacy Laws and in the context of the Services, reasonably assist Customer in dealing with an actionable Data Subject rights request to the extent Customer cannot fulfil this request without Verint's assistance. Verint may fulfil this request by making available functionality that enables Customer to address such Data Subject rights request without additional Processing by Verint. To the extent such functionality is not available, in order for Verint to provide such reasonable assistance, Customer must communicate such request in writing to Verint providing sufficient information to enable Verint to pinpoint and subsequently amend, export or delete the applicable record.
- 7. Personal Data Breach**
- 7.1 Verint shall notify Customer without undue delay upon Verint or any Subprocessor becoming aware of a Personal Data Breach, providing Customer with sufficient information to allow Customer to meet any obligations to report to, or inform, a Supervisory Authority and Data Subjects of the Personal Data Breach under the Privacy Laws. Subject to [Section 7.3](#) below, such notification shall as a minimum:
- 7.1.1 describe the nature of the Personal Data Breach, the categories and numbers of Data Subjects concerned, and the categories and numbers of Personal Data records concerned;
- 7.1.2 communicate the name and contact details of Verint's data protection officer or other relevant contact from whom more information may be obtained;
- 7.1.3 describe the likely consequences of the Personal Data Breach in so far as Verint is able to ascertain having regard to the nature of the Services and the Personal Data Breach; and
- 7.1.4 describe the measures taken or proposed to be taken to address the Personal Data Breach.
- 7.2 Verint shall co-operate with Customer and take such reasonable commercial steps as are necessary to assist in the investigation, mitigation and remediation of each such Personal Data Breach.
- 7.3 Where and in so far as, it is not possible to provide the information referred to in [Section 7.1](#) at the same time, the information may be provided in phases without undue further delay. Verint's obligation to report or respond to a Personal Data Breach under this Section 7 is not and will not be construed as an acknowledgement by Verint of any fault or liability of Verint (or its Affiliates) with respect to a Personal Data Breach.
- 8. Data Protection Impact Assessment and Prior Consultation**
- 8.1 To the extent necessary, Verint shall provide reasonable assistance to Customer with any data protection impact assessments, and prior consultations with Supervising Authorities or other competent data privacy authorities, which Customer reasonably considers to be required by Privacy Laws, in each case solely in relation to Processing of Personal Data by, and taking into account the nature of the Processing and information available to, Verint. To the extent that such impact assessment and/or prior consultation requires assistance beyond Verint providing the applicable Verint processing record(s) and Documentation, Verint shall reserve the right to charge Customer such engagement at Verint's then current daily rates.
- 9. Deletion or return of Personal Data**
- 9.1 Within thirty (30) days from termination or expiry of the Agreement (the "Return Period"), and subject to [Section 9.2](#) below, at Customer's request, Verint will either delete or return available Personal Data. At the expiry of the Return Period, if Customer has not elected either of the foregoing Verint may delete and destroy all Personal Data without liability to Customer. Where Customer requests Verint to return available Personal Data, Verint may fulfil this request by making available functionality that enables Customer to retrieve the Personal Data without additional Processing by Verint. If Customer declines to use this functionality, Customer may, within the Return Period, request that Verint return the available Personal Data under an Order for the applicable professional services. In the event the Agreement is terminated for Customer's breach, Verint shall have the right to require that Customer prepay for such professional services. Verint shall provide written confirmation to Customer that it has fully complied with this [Section 9](#) within thirty (30) days of Customer's request for such confirmation.
- 9.2 Verint may retain Personal Data to the extent required by Privacy Laws or any other statutory requirement to which Verint is subject and only to the extent and for such period as required by Privacy Laws or any other statutory requirement to which Verint is subject and always provided that (a) during such retention period the provisions of this DPA will continue to apply, (b) Verint shall ensure the confidentiality of all such Personal Data, and (c) Verint shall ensure that such Personal Data is only Processed as necessary for the purpose(s) specified in the Privacy Laws requiring its storage or any other statutory requirement to which Verint is subject and for no other purpose.
- 10. Review, Audit and Inspection rights**
- 10.1 Upon Customer's reasonable request, Verint shall provide all relevant and necessary material, documentation and information in relation to Verint's technical and organisational security measures used to protect the Personal Data in relation to the Services provided in order to demonstrate compliance with Privacy Laws, the EU Standard Contractual Clauses and/or UK Addendum (as defined in [Section 11](#) below).
- 10.2 Verint shall ensure a security audit of its technical and organisational security measures is carried out at least annually in compliance with Privacy Laws. Such security audit will be performed according to ISO 27001 standards by an internal qualified auditor within Verint. The results of such security audit will be documented in a summary report. Verint shall promptly provide Customer upon request with (i) a confidential summary of such report; and (ii) evidences of appropriate remediation of any critical issues within four (4) weeks from date of issuance of the audit report.
- 10.3 If, following the completion of the steps set out in [Sections 10.1](#) and [10.2](#) Customer reasonably believes that Verint is non-compliant with Privacy Laws, Customer may request that Verint make available, either by webinar or in a face-to-face review, extracts of all relevant information necessary to further demonstrate compliance with Privacy Laws. Customer undertaking such review shall give Verint reasonable notice of any review to be conducted under this [Section 10.3](#), by contacting Verint's Global Privacy Officer by submitting a request via Verint's [Privacy Portal](#).
- 10.4 In the event that Customer reasonably believes that its findings following the steps set out in [Section 10.3](#) do not enable Customer to comply materially with Customer's obligations mandated under the Privacy Laws in relation to its appointment of Verint, then Customer may give Verint not less than thirty (30) days prior written notice of its intention, undertake an audit which may include inspections of Verint to be conducted by Customer or an auditor mandated by Customer (not being a competitor of Verint). Such audit and/or inspection shall (i) be subject to confidentiality obligations agreed between Customer (or its mandated auditor) and Verint, (ii) be undertaken solely to the extent mandated by, and may not be further restricted under applicable Privacy Laws, (iii) not require Verint to compromise the confidentiality of security aspects of its systems and/or data processing facilities (including that of its Subprocessors), and (iv) not be undertaken where it would place Verint in breach of Verint's confidentiality obligations to other Verint customers vendors and/or partners generally or otherwise cause Verint to breach laws applicable to Verint. Customer (or auditor mandated by Customer) undertaking such audit or inspection shall avoid causing any damage, injury or disruption to Verint's premises, equipment, personnel and business in the course of such a review. To the extent that such audit performed in accordance with this [Section 10.4](#) exceeds one (1) business day, Verint shall reserve the right to charge Customer for each additional day at its then current daily rates.
- 10.5 If following such an audit or inspection under [Section 10.4](#), Customer, acting reasonably, determines that Verint is non-compliant with Privacy Laws then Customer will provide details thereof to Verint upon receipt of which Verint shall provide its response and to the extent required, a draft remediation plan for the mutual agreement of the parties (such agreement not to be unreasonably withheld or delayed; the mutually agreed plan being the "Remediation Plan"). Where the parties are unable to reach agreement on the Remediation Plan, or in the event of agreement, Verint materially fails to implement the Remediation Plan by the agreed dates which in either case is not cured within forty-five (45) days following Customer's notice or another period as mutually agreed between the Parties, Customer may terminate the Services in part or in whole which relates to the non-compliant Processing and the remaining Services shall otherwise continue unaffected by such termination.
- 10.6 The rights of Customer under this [Section 10](#) shall only be exercised once per calendar year unless Customer reasonably believes Verint to be in material breach of its obligations under either this DPA or Privacy Laws.
- 11. Restricted Transfers**

Each Party agrees to execute the Standard Contractual Clauses upon request of the other Party, to the extent required by Privacy Laws.

In the event of inconsistencies between the provisions of this DPA and any part of any other agreements between the parties, including the Agreement, the provisions of this DPA shall prevail. Notwithstanding the foregoing, as required by clause 5 of the EU Standard Contractual Clauses, the EU Standard Contractual Clauses shall prevail over any other term of this DPA and the Agreement.
