Verint EdgeVR 65

Key Features:

- Support for up to 16 cameras

- Built in 8-port POE+ switch with 120w of max power and featuring our Patented switch integration.

- H.264 coding and up to 240 fps

- 4TB and 8TB Self Encrypted Drive configurations for secure safe storage

- Industry-leading interfaces: ATM, Point-of-Sale, teller, alarm, and other business and security systems

- Trusted reliability: A Linux embedded operating system and mature application firmware

- Ease of use: Operates with Verint EdgeVMS Vid-Center, Video Inspector and with Verint EdgeVMS Op-Center for centralized NVR management

- Seamless integration with Verint IP Cameras. Auto discover, configure and program our cameras through the NVR interface

- Superior performance and unsurpassed value

- Optional Custom SED key allows a higher level of hard drive security and can be manged centrally with Verint Op Center

Verint EdgeVR 65
Network Video Recorder (NVR)

Verint® EdgeVR 65 is an enterprise-class, IP-based NVR designed for large-scale, geographically distributed operations. With a built in POE+ switch that features integrated port management through the NVR interface EdgeVR 65 is the ultimate small form factor IP video NVR solution.

EdgeVR 65 delivers high-resolution images for both recording and live video viewing from up to 16 devices using its built in POE+ switch and an external 8 port switch or Verint HD analog encoder. The small size allows the EdgeVR 65 to be used in locations where a larger recorder will not fit. Don't let the small size fool you though as this NVR is packed with Verint's latest technology and is fully integrated with our industry-leading software including EdgeVMS Op-Center™ for central enterprise wide NVR operation and managment, EdgeVMS Vid-Center™ for remote enterprise-wide NVR viewing and Verint Video Investigator software with a more intuitive and simplified interface that saves time and is easy to use.

Built on Verint expertise from tens of thousands of DVR implementations, EdgeVR 65 provides the reliability, scalability, and flexibility that large-scale operations need. It features an embedded operating system for superior security, reliability and stability. This high-performance NVR also provides powerful programming capabilities including local setup and review with Vid-Center embedded, flexible storage options, the ability to set different resolutions, frame rates for general surveillance, motion detection, transactions, and alarms.

VERINT.

EdgeVR 65 Technical Specifications

VIDEO	
Video Inputs	Up to 16, 8 built in POE+ Network Ports
Video Compression	H.264
Maximum Record Rate	240 fps (15FPS per channel at 1080P)
Resolution	1MP / 2MP / 3MP / 5MP / 8MP / 12MP

STORAGE	
Storage Space	4TB and 8TB Non RAID SED Drives (Self Encrypting Drives)

NETWORK	
RJ45 Ports	12-ports, 8 x POE+ and two NON-POE ports, LAN 1 & 2
POE Ports	8 x POE+ with support up to max of 120W with built in integrated port management through the NVR Interface

ALARMS	
Alarm I/O	4 programmable contacts (Normally Open or Normally Closed) 4 relay contacts

ANALYTICS (OPTIONAL)	
Surveillance	Up to 4 channels
Face	Up to 4 channels

AUDIO	
In/Out	1 Microphone IN, 1 Line IN, 2 Line OUT

GENERAL	
Software	Verint EdgeVMS Vid-Center, and Op-Center and Verint Video Inspector
Security	All network ports closed; SSL communication with IP devices
Firmware	Embedded Linux OS in Flash memory
Data Integrations	ATM, POS, Teller, Alarm systems and support for SR-8 data interface device
Other Input/Outputs	2 x HDMI for Local Monitor, 2 USB 3.0 & 3 USB 2.0

PHYSICAL	
Operating Temperature	32° to 113° F (0°-45° C)
Power Requirements	AC 100-240V, 50-60HZ, 3.5A (Power adapter included)
Measurments	NVR Dimensions: (LxWxH) 95/8 x 85/8 x 113/16, 24.5cm x 22cm x 4.5cm NVR Weight: 6.2lbs, 2.78kg
Mounting Hardware	Wall mount Included

REGULATORY	
Certifications	FCC, LVD, CE, CB & UL
